

GOVERNOR (1977-1985 : MATHESON) [446]

INTERSTATE ASSOCIATION AND COMMISSION RECORDS, 1970-1984.

9.35 cu. ft. and pending microfilm

DESCRIPTION: This series contains correspondence, reports, publications, meeting agenda and briefing books from interstate associations and commissions, all of which relate to the development of interstate and federal-state policies and cooperation. These materials were generated by various interstate organizations, federal offices involved in state affairs, and governors and state offices, as well as by Governor Matheson's office; these records were preserved by Governor Matheson and his staff. Many of the records in this series relate to regional development, as well as to water quality and water management in the West.

The organizations included in this series are the Association of State and Interstate Water Pollution Control Administrators, the Council of State Governments, the Education Commission of the States, the Four Corners Regional Commission, the Governors' Council on Regional Development, the Interstate Council on Water Problems, the National Governors' Association and its various committees, the Western Governors' Policy Office, the Western States Water Council, and various other interstate associations and councils. Governor Matheson was a member of many of these organizations and served as chairman of the Western Governors' Policy Office (WESTPO), the National Governors' Association's Subcommittee on Water Management, and the National Governors' Association itself.

ARRANGEMENT: This series is arranged alphabetically by organization's name. Folders are further broken down alphabetically by document type, topic, or lower committee, thereunder are arranged chronologically by day. For example, records relating to the National Governors' Association's Energy and Environment Committee's Subcommittee on Water Management, dated October 1977, may be found under the description: "National Governors' Association; committees; Energy and Environment Committee; Subcommittee on Water

Management, 1977, Oct".

RESEARCH NOTE: The following acronyms are used in the container list for this series: ASIWPCA for the Association of State and Interstate Water Pollution Control Administrators; CSG for the Council of State Governments; ECS for the Education Commission of the States; FCRC for the Four Corners Regional Commission; NGA for the National Governors' Association; EE for NGA's Committee on Natural Resources and Environmental Management/Energy and Environment Committee; SWM for NGA's Subcommittee on Water Management; WESTPO for the Western Governors' Policy Office; CETF for WESTPO's Coal Export Task Force; and, finally, RPM for WESTPO's Task Force on Regional Policy Management.

RELATED RECORDS: For additional materials relating to water quality and management, researchers may wish to consult Governor Matheson's NATURAL RESOURCES WORKING FILES, Series 19161. Also useful to researchers may be Series 19268, STATE CORRESPONDENCE, in which many letters regarding the operations of interstate gubernatorial associations were filed under the state associated with a particular governor. (For example, Governor Julian Carroll of Kentucky served as chairman of the National Governors' Association's Natural Resources Committee. Related records may be found under "Kentucky" in Series 19268.)

PROCESSING NOTE: This series will be microfilmed and the hard copy will be kept because of the intrinsic value of the papers. It was processed by Kira Robertson in November 2001.

PREFERRED CITATION: Cite the Utah State Archives and Records Service, the creating agency name, the series title, and the series number.
